Kvällstilla
Karin Boye

Känn så nära verkligheten bor.
Hon andas här intill
I kvällar utan vind.
Hon kanske visar sig när ingen tror.

Solen glider över gräs och häll.
I hennes tysta lek
Är livets ande gömd.
Så nära var han aldrig som ikväll.
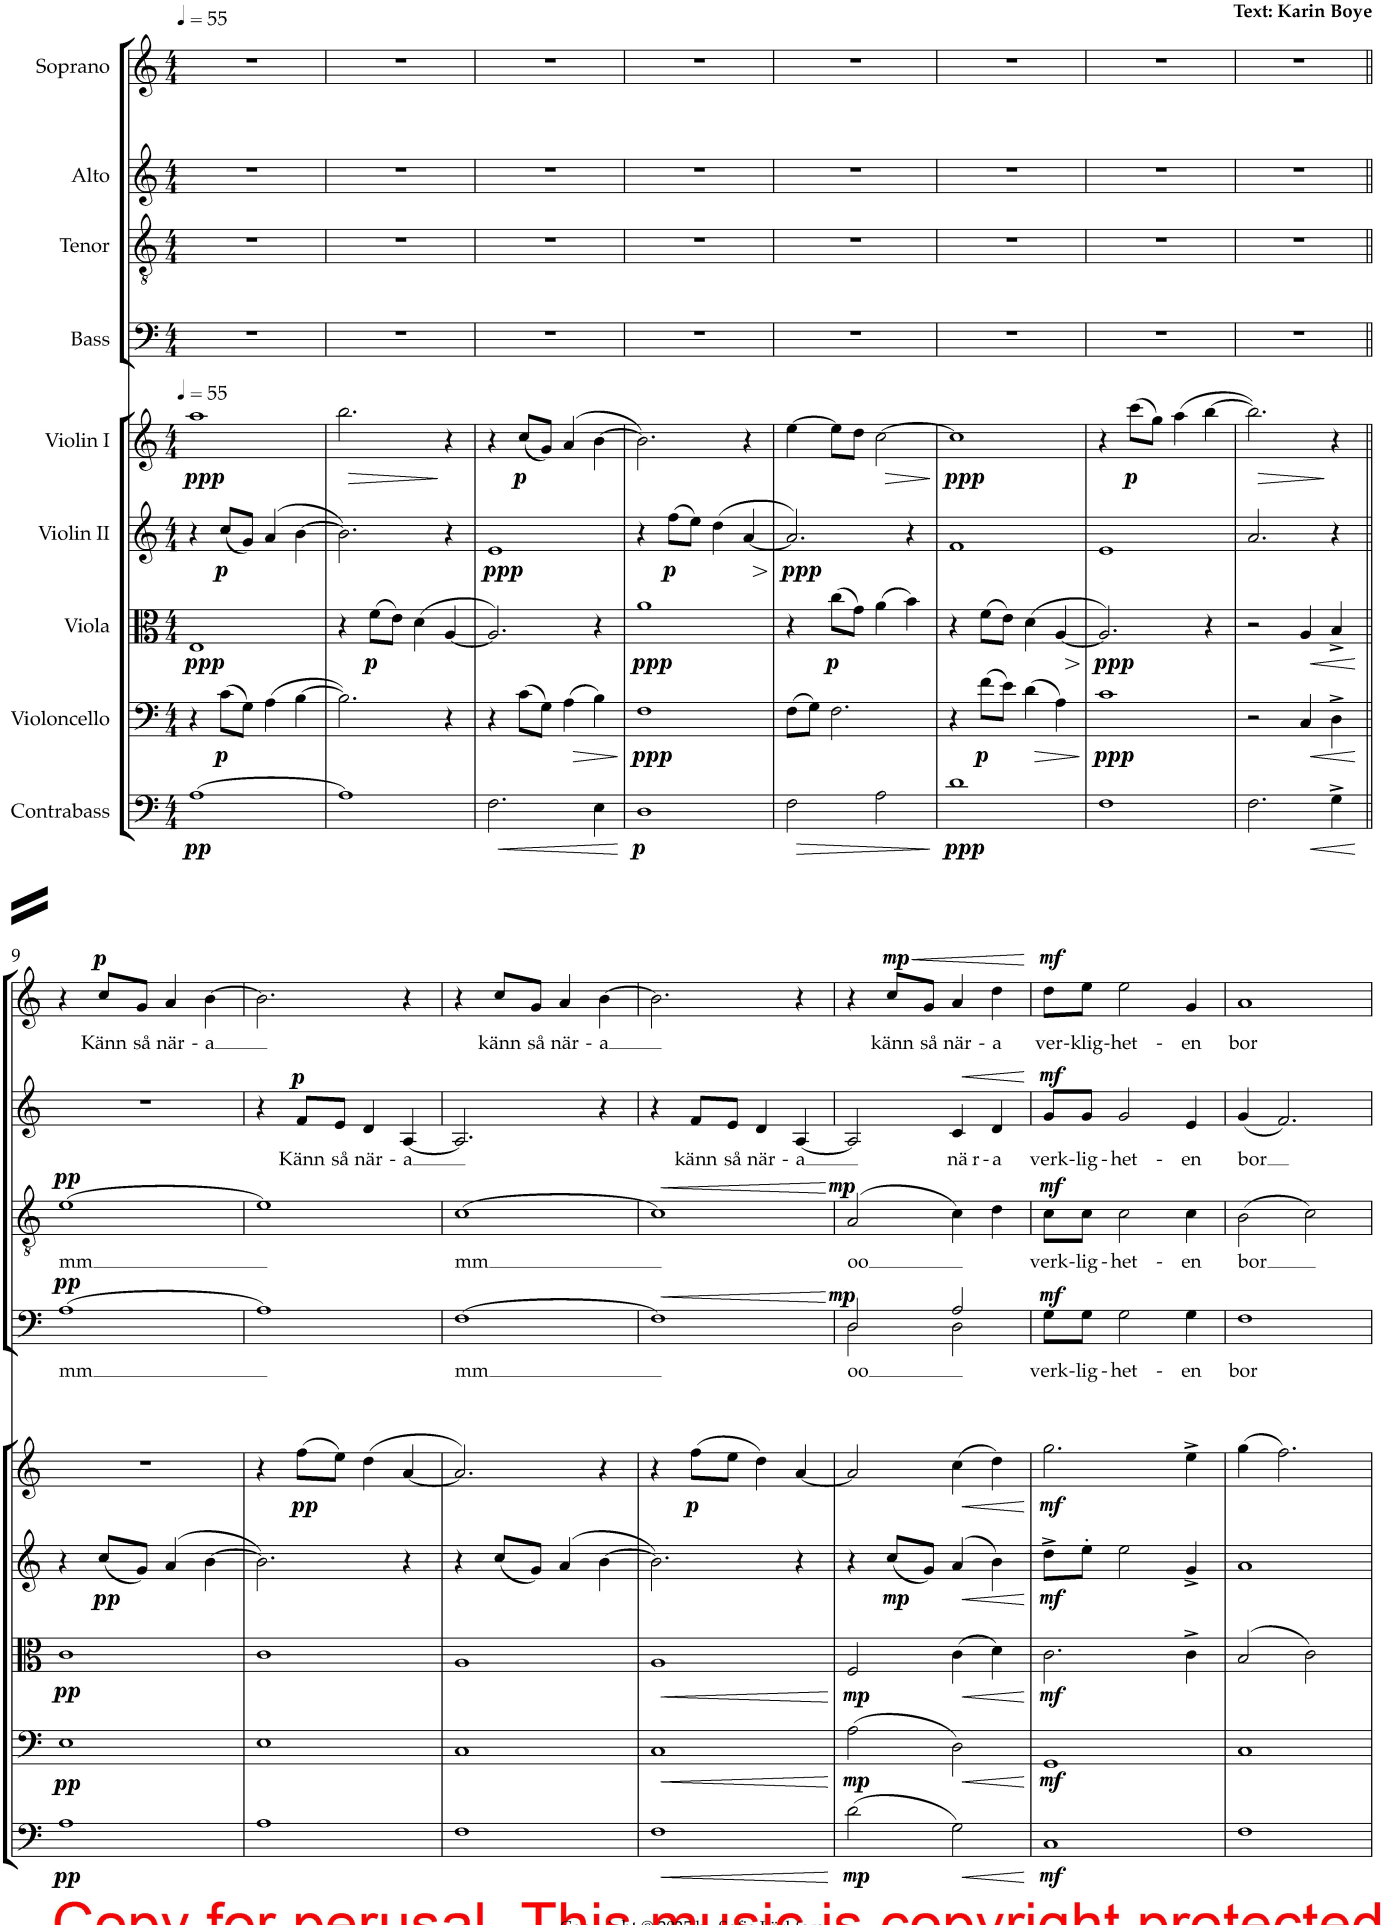

Jag har mött en främmande, som teg.
Om jag räckt ut min hand,
Jag snuddat vid hans själ,
När vi gick om varann med skygga steg.
