I magen på nallebjörnar finns dosor
som låter när man vänder på dem.

Dock inte som björner utan mer som får.

Jag har använt en sidan i detta stycke.

V = rå, bråkig ton (härma burkljudet)

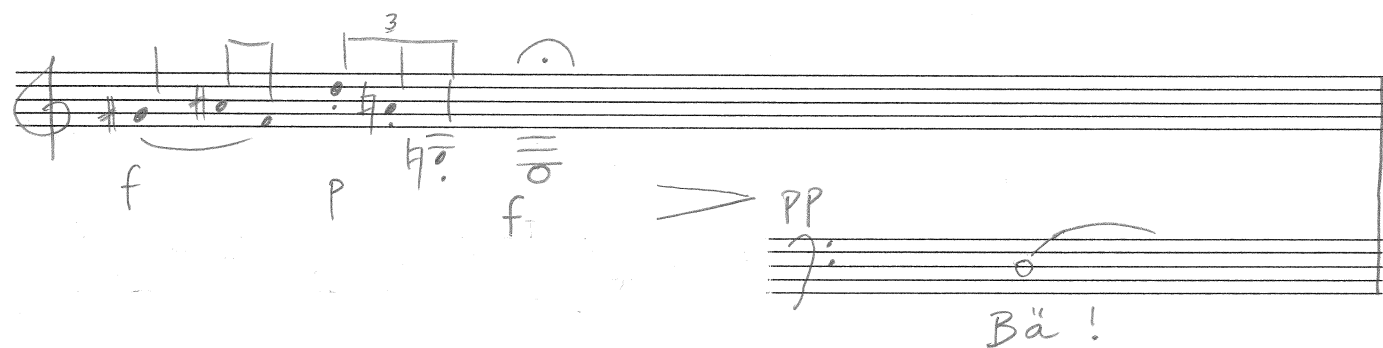

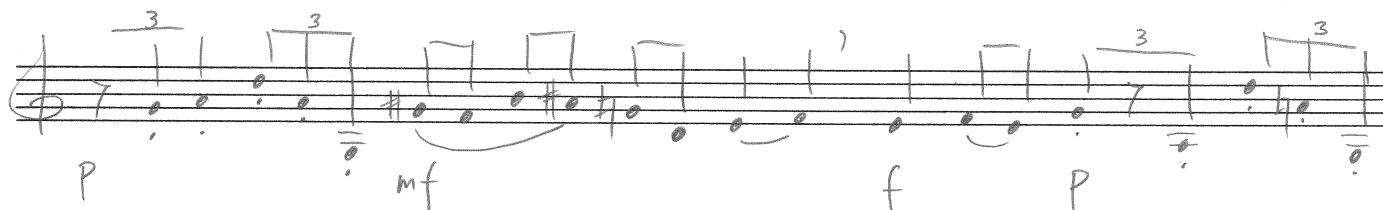

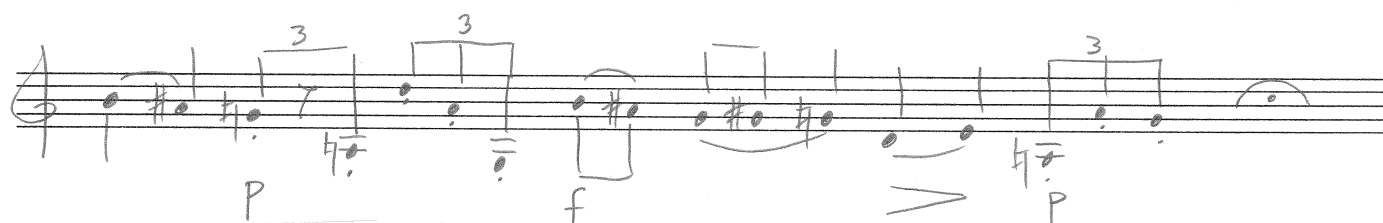

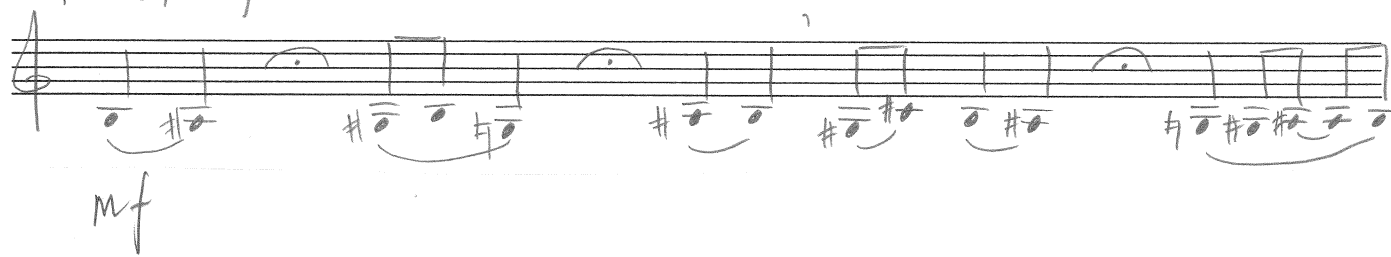

Visby 1996

$\text{♩} = \text{ca } 70$

Fritt, dröjande

♩. = ca 112

Med energi, som att köra i gropig terräng.

Sluta samtidigt
med bä-ljudet
